

Designed for stability, Made for play,

Our uniforms are designed to reflect our philosophy of comfort, care, and responsibility. Made from 90% cotton, they're breathable and gentle on the skin — perfect for children to explore and play freely. The khaki base, accented with pops of color, mirrors the earthy tones of nature while adding a touch of vibrancy to each day.

Through our Uniform Collection Program, families are encouraged to return old uniforms to campus. All post-production waste from our vendor is collected and repurposed in collaboration with Hasi Rudala, giving fabric remnants a thoughtful second life within our school spaces.

The Vana x Plaeto Shoe
